WEDNESDAY, MAY 10. 1738.

7<sup>th</sup> 897.

Yesterday arrived a Mail from Holland, with the following Manifesto of the Emperor against Prince Ragotsky, which was proclaimed at Vienna the 21<sup>st</sup> of last Month by Sound of Trumpet.

HEREAS Joseph Ragotsky, not taking Warning by his Father's Faults, nor considering that, as he was born a Subject of the Emperor, he was equally obliged, both by his Birth and his Honour, to continue loyal to his Imperial Majesty, has, nevertheless, withdrawn himself into the Provinces of the Turkish Dominion, where he sued for, and obtained Protection, then concluded a shameful Treaty with the Ottoman Porte, and published a Manifesto, which he has communicated to the Powers of Europe, and wherein he takes the Title of Prince of Transylvania and Duke of Hungary; and as 'tis not to be doubted but he proposes, with the Assistance of the Enemy of Christendom, to ravage and take Possession not only of his own Country, but of the Hereditary Dominions of the Emperor, Proceedings by which he has incur'd the Punishment due to the Crime of High Treason: Therefore, in order to prevent any Danger which may possibly happen upon that Account, all that we have to do, is to declare the said Ragotsky proscribed and guilty of Death, by setting a Price upon his Head; as his Imperial Majesty does accordingly by the present Manifesto, wherein he declares him a Rebel, a Traitor and Enemy to his Country, and by Consequence, deserving of Death, which all Persons, not excepting his own Domesticks, are at free Liberty to put him to, without being punished for it; and we promise, that whoever shall deliver him up to us alive, shall have a Reward of 10,000 Florins; and that whoever delivers him dead, or shall bring but his Head to us, or prove that he has actually killed him, shall likewise have a Reward of 6000 Florins; which Rewards shall be paid by the Chamber of Finances; and his Imperial Majesty orders moreover, that all and every Person in Hungary, Transylvania, or in the other Provinces of his Dominions, who shall give Harbour to Ragotsky or his Adherents, that have his Manifestoes, or his Letters of Invitation, who shall be inform'd of the holding of any particular Assemblies for his Interest, or of Correspondencies with him, as well as of any Persons who have taken Arms in his Favour, or in any other Manner abetted his Interests, that they give Notice thereof to the Commandant of the nearest Place, on Pain of being treated as Disturbers of the publick Peace, &c.

They have had Letters at Vienna from Orsova with Advices, which they think very certain, that Prince Ragotsky was actually in Motion with 30,000 Men to attempt an Incursion into Transylvania. The Emperor has appointed Count Philip Kinsky Chancellor of Bohemia, in the room of the late Count de Collovald.

Those of April 20, O. S. from Warsaw say, they have Advice that the Russian Army under the Velt Marshal de Munich, is marched from the Neighbourhood of Kiow to Oczakow, from whence he proposes to go and open the Campaign on the other Side of the Niefter, and that the said Army is marching in three Columns, consisting each of 12 Brigades.

From the London Gazette.

Dresden, May 11, N. S. The Spanish Ambassador made his publick Entry on the 7<sup>th</sup> Instant, but M. Keyserling and M. Rumpf, the Russian and Dutch Ministers, did not send their Equipages to assist at the Entry, because of the Pope's Nuncio; but they sent their Secretaries with their Equipages before the March began, to make him a Compliment. The next Day the Ambassador had his publick Audience of the King, in which he asked in Form the Princess in Marriage for Don Carlos: That Night the whole Town was illuminated, and the Spanish Ambassador caused Money to be thrown to the People, and Wine was set a running for them. The 9<sup>th</sup> in the After-

noon the Princess was married, the Prince Royal representing Don Carlos by Procuration; the Pope's Nuncio performed the Ceremony, assisted by the Great Chancellor of Poland; after which the King supped in Ceremony with the Royal Family, the Pope's Nuncio, and the Emperor's and Spanish Ambassadors: As the Russian and Dutch Ministers were not invited to sup with the King, they did not appear that Evening, because M. Keyserling will not give Place to the Pope's Nuncio. Yesterday was the Carrousel, and Supper, and Ball, in the Prince Royal's Apartment. The Chamberlains Utrot and Fleming set out this Day for Vienna, to carry the News of the Marriage to the Emperor and Empress.

## SCOTLAND.

Edinburgh, May 6. This Forenoon Thomas Linn, late Apprentice to a Joiner of this City, who some time ago delivered himself up, in order to stand his Trial, being accused of the Murder of Captain Porteous, received his Indictment. At the same time the following 22 Apprentices or Journeymen, lately of this City, Suburbs and Neighbourhood (having been fugitive the 13<sup>th</sup> of June last, for not appearing to stand their Trial on Account of the said Murder) were denounced Rebels, put to his Majesty's Horn, &c. at the Market-cross, with the usual Solemnities, viz. Thomas Burns, Fleisher; Will. White, Will. Ninian, Alexander Guthrie, James Lawson, and Archibald Rae, Baxters; Robert Taylor, Alexander Fergusson, and Joseph Husband, Barbers; Robert Anderson, Daniel Maccellean, James Maxwell, James Waldie, James Wotherpoon, James Wilson, Rich. Lamb, and John Coventry, all Wrights; David Darling, Shoemaker; Archibald Campbell, and John Reid, Stablers; Charles Wilson, Smith; and John Chalmers, Peutherer.

Last Thursday died here Mr. Robert Pringle of Symington, Writer to the Signet, aged about 80.

As an anonymous Letter was lately sent to one of the Magistrates of this City, exhorting them to a Discharge of their Duty, with regard to the suppressing of disorderly Houses; together with a List of the most noted Places of that Sort in and about the Town, the same has had the good Effect desired, by informing our worthy Magistrates of those Corrupters of Youth and Pests of Society, whom they are resolved by all means to discourage; and accordingly Mrs. Garvie, who pretends to be Wife to one Pircairn, and who keeps one of the most wicked and abominable Houses about Town, tho' she sometime since enacted her own Banishment, was taken up and incarcerated: And on Wednesday last Alexander Herdman and his Wife, who are notorious for their lewd Practices, being brought before the Magistrates for stealing and purloining from a certain Vintner, they were upon that Charge, and in Consideration of their bad Lives, condemned to be imprisoned till the 10<sup>th</sup> Day of May, when they are to be whipt thro' the Town, fined in 20 l. Sterling and Fiscal's Fees, and then banished the City and Liberties: Waddel the Peutherer undergoes the same Sentence, for resetting the Stollen Goods.

The Account given last Week, of Part of the Proceedings of the Synod of Lothian and Tweeddale in Dr. Wishart's Affair, not being so particular, we are now able to give a more distinct Account thereof. April 25, the Synod met, according to a former Appointment; and after some Diets were spent in reading the Charge given against Dr. Wishart, with the Doctor's Answers, and the Replies of the Rev. Brethren who had given in the said Charge, the Synod proceeded to the Consideration of the Affair April 26. p. m. It was urged by some Members, That, in consideration of the Importance of the Affair, and the present Circumstances of this Church, the whole should be referred to the ensuing Assembly. To which it was replied, That neither of these Considerations could be a sufficient Ground of the Synod's referring to the Assembly an Affair that had been so long in dependence, and so fully laid before them, without so much as entering upon the Consideration of it themselves, or till they should find some Difficulty in coming to a Determination about it; and therefore that they should first make a Trial, by entering upon the first two Articles of the Charge, which had an

evident Coincidence; and see if, upon deliberately and maturely considering these, they found any Difficulty in coming to a Determination upon them. This being agreed to, the Synod went upon these two Articles; in which the Doctor is alledged, '1. To have restricted the Civil Magistrate's Power of Punishing, to Crimes committed against our Neighbour; whereas our Confession extends it to Blasphemies, Heresies, &c. And, 2. To have licentiously extended the Liberty of Christian Subjects, by leaving all Men to act impune in all Religious Affairs, agreeably to the Light of their own Minds, &c.' Which being read, together with the Paragraph of the Doctor's Sermons in which they were alledged to be contained, and the Articles of the Confession of Faith relating to them; and the Members having reasoned upon them *hinc inde* at considerable Length; it was moved, That they might now come to the Question, Acquit the Doctor from the Charge of Error on these two Articles, or Not? But a Motion being made, That the previous Question should be put, Refer the whole to the General Assembly; or, Proceed to the Question upon these Articles? It was accordingly put, and it carried by 7 Votes Proceed. Upon which the other Question being put, it carried Acquit 21, Not 3.

April 27. The Synod proceeded to the 3d, 4th, and 5th Articles; in which the Doctor is alledged, '3. To be for removing Confessions, and Subscriptions to them; 4. To be for a more free Education of Children than is agreeable to the Director's approved by this and other Protestant Churches, &c. and, 5. To diminish the due Weight of Arguments drawn from future Rewards and Punishments, &c.' The Synod considered each of these Articles separately, and put the Question upon each of them, in the same manner as is related above with regard to the two first Articles, (which on account of their Coincidence were taken together:) And upon each it carried Acquit by a considerable Majority. Then the Synod proceeded to the 6th Article, in which the Doctor is alledged, 'To exceed in his Charity to Heathens and Deists, &c.' And after reading the Article, &c. it was argued by a Reverend Member, That the Doctor's Answers had fully cleared him from any Imputation of Error upon that Head. To which no Reply being made, it was asked, if any moved for putting a Question upon it? And none making the Motion, the Synod agreed, without putting the Question, to acquit, &c. Then they proceeded to the 7th and last Article; in which the Doctor is alledged, 'To seem to oppose the orthodox Doctrine concerning Original Sin, &c.' And having considered the said Article, together with the declared Satisfaction of the Rev. Brethren who had given in the Charge, with the Doctor's Answers, the Reverend Synod also declared their Satisfaction with the same: And upon the Whole came to this Resolution and Sentence, "That there is now no Ground for the Rev. Presbytery of Edinburgh's refusing to concur with the Call given by the City of Edinburgh to Dr. Wishart to be one of their Ministers, on account of any Errors in Doctrine charged upon him." Parties being called, the Sentence was intimated to them. Whereupon the L. Provost, in Name of the Good Town, and Dr. Wishart in his own Name, took Instruments. The Rev. Mr. Geo. Logan protested and appealed, and Mess. Jo. Walker, Geo. Lindsay and N. Macvicar, adheared. Mess. Glen, Wallace, and Geo. Wishart, Ministers of Edinburgh, (as Appellants) and Mr. Gibson of Colington, as a Member of the Presbytery, acquiesced in the Synod's Sentence.

#### ANTI-SYPHILICON.

**THE only short and most infallible.**

Cure in the Universe for the Venereal Disease, from the slightest Infection to the most extreme and deplorable Degree of it, even when the Blood and Juices are thoroughly contaminated with its malignant Virus, and the very Bones are affected with it.

Fresh Infections, call'd CLAPS, with all their attendant Symptoms, tho' ever so severe, are entirely carried off by it in a few Days, and so as effectually to prevent the Blood and Juices from being tainted with any remaining Relicks on one Hand, or a venereal Gleet or Weakness to happen on the other.

And the most inveterate Degree of the French Illness, attended with Nocturnal Pains, universal Breakings out, and all the other most exasperated Symptoms, are soon overcome by it, and effectually and much more safely cured than by Salivation, Inungation, or any other method whatever, and in so easy and pleasant a Manner, without impairing Strength, or occasioning any Inconvenience, as loudly to bespeak it the only apposite Remedy or true Venereal Antidote in the World; and this some Thousands have to their great Joy experienced.

It is pleasant to take, occasions no Sickness or Disorder, nor requires Confinement; but may be taken, and the Cure be accomplish'd, without the Knowledge of the nearest Friend.

Those who suspect they have received an Injury, may, by only a Dose or two of it, be perfectly freed from all Apprehensions; for it suffers no lurking Venom to be hid in the Body, but wholly extirpates its Root and Branch, in a gentle, easy, and most effectual Manner.

All such likewise as doubt they have some remaining Relicks of former Injuries, may by a few Doses of it entirely free themselves from all Suspicion of that Kind; for it admits of no Foulness, Corruption, or Putrefaction whatever, to remain in the Fluids, or to adhere to the Solids; and on that Account, in all scorbutick, scrophulous, and even leucous Eruptions or Foulnesses of the Skin, Glandulous Swellings and Impurities of the Juices, it does more by one Dose, than any other Medicine yet known can by ten.

The Price of this most Noble ANTI-SYPHILICON is but Six Shillings a Pot, which, considering its extraordinary Efficacy, one Pot only being sufficient in most Cases to accomplish the Cure, is not a tenth Part of its Value; and is appointed by the Author to be had only at Mr. RANDALL'S Toyshop, at the Rose and Crown against St. Clement's Church-Yard in the Strand, ready sealed up with a Book of Instructions, by the Perusal of which, all Persons who were ever affected with any Degree of the Venereal Disease, may perfectly understand their own Condition, and certainly know when, and when not, the Venereal Poison is intirely rooted out of their Bodies.

Note, Ask only for a Six Shilling Pot for the Scary.

These are to Certify whom it may concern,

**THAT the Two Medicines for ex-**ternal Use, which have been sold with so much Success for the Good of Mankind near Thirty Years last past, for the Cure of

**All Sorts of RUPTURES, BURSTEN, or BROKEN BELLIES.**

are removed from the Minorities where they have been sold for the Author, so long, and are now sold only at Mr. SANDWELL'S Toyshop, the Sign of the Griffin, the Corner of Buckler's Bury in the Poultry, at 5 s. the Parcel, sealed up with printed Directions given with them.

These two Remedies need no other Recommendation than themselves will manifest in two or three Days using, having their admirable and even astonishing Success, gained the Reputation they so justly deserve, both in City and Country, after wearing Trusses for many Years to no Purpose.

For by the Blessing of God, they make a perfect Cure, either on Old or Young, in a very little Time, and for a small Charge, without any Pain to, or Confinement of the Patient; one Parcel is generally sufficient for a complete Cure, especially on a young Person.

Many Hundreds of all Ages and Sexes have been cured by them, which occasioned this Publication, for the Good of the Publick, that all such unhappy People may be delivered from the Charge and Slavery of always wearing Trusses.

The World might have had many Certificates of Cures of Persons of all Ages, from Children of a few Months old, to grown Persons of 40 Years or upwards; but that People are naturally averse to let it be known, that they ever had such an Infirmary: Yet Mr. SANDWELL can satisfy any Inquirer of the Validity of what is here said, tho' he has not had such large Knowledge, by reason of the short Time he has sold 'em, as they from whom the Medicines are now, for good Reasons, removed.

No Letters received except Post paid.
